

**FERGUSON COLLEGE
OF AGRICULTURE**

JOIN OUR FERGUSON FAMILY

Current students, staff and faculty in the Ferguson College of Agriculture at Oklahoma State University (OSU) invite you to become part of our family. You are not a number in our college – you are an individual with unique needs, interests and goals. We make it a top priority to create a family atmosphere in and out of the classroom, while still challenging you with rigorous and engaging academics offered by our dedicated faculty, and plenty of opportunity for gaining real-world experience.

Our students come from both urban settings and traditional agricultural backgrounds. They are first-generation, legacy, in-state, out-of-state and out-of-country students. This diversity adds strength to the college experience for everyone in our college.

▶ **CONNECT WITH US**

Visit our website, agriculture.okstate.edu, or connect with us socially via Facebook, Twitter, Instagram and LinkedIn.

▶ **VISIT CAMPUS**

Come see what being a part of the Ferguson Family is all about. Book your campus visit at admissions.okstate.edu/visit.

60⁺ **STUDENT ORGANIZATIONS
AND COMPETITIVE TEAMS**

COMMITMENT TO EXCELLENCE

We are committed to expanding minds and inspiring purpose. Faculty advising, a student-to-faculty ratio of 14:1 and the Student Success Center are just some of the ways we invest in your success. We provide opportunities for you to gain knowledge in your major, as well as outside your major. Our passion is helping you embrace your potential, and giving you the tools to make the most of your education.

STUDENT ORGANIZATIONS AND COMPETITIVE TEAMS

With more than 60 clubs, organizations and competitive teams in our college, you have plenty of ways to make your mark. You'll find leadership, social and career development opportunities through your involvement. Networking with industry leaders, getting to know faculty and building friendships are just a few of the things you will experience by joining student organizations on campus.

▶ HANDS-ON EXPERIENCE

All Ferguson College students graduate with real-world experience in their respective fields.

STUDENT SUCCESS CENTER

Known by students as "The Fishbowl," our Student Success Center (SSC) provides tools and opportunities for your educational, personal and professional growth. The SSC is a welcoming place to study alongside your classmates and houses a variety of resources to help you succeed including computers, study tools and career guidance. The SSC implements a "students helping students" philosophy with the help of Student Success Leaders, a group of current students with specialized training who are ready and willing to help you.

STUDY ABROAD OPPORTUNITIES

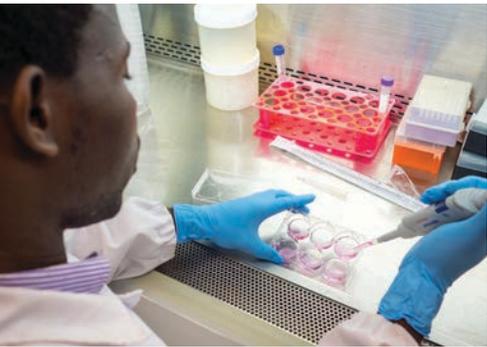

Study abroad courses provide you unique experiences to expand your horizons and gain an understanding of different cultures and places, which is highly valued in the professional work environment. The Ferguson College of Agriculture offers a wide variety of courses in countries around the world. You can choose to participate in short- or long-term study abroad courses throughout the year.

▶ SEE THE WORLD

Faculty-led study abroad trips are offered annually to countries around the world.

FACULTY ADVISING

As a Ferguson College student, you'll have the advantage of being advised by a faculty member working in your academic major. Embracing an open-door policy, our faculty advisors will help you plan your program of study that considers your background, interests and future plans. In addition to their teaching and advising roles, our faculty members also connect with you through club advising and undergraduate research scholar mentoring.

FRESHMEN IN TRANSITION

Freshmen in Transition (FIT) is our college's residential living-learning program. Students live with fellow Ferguson College freshmen, FIT Student Academic Mentors (FIT SAM), and Community Mentors (CM), who are key to assisting students in becoming engaged and involved. In addition, residents work with college faculty, staff and alumni while participating in academic, extracurricular, professional, social and service activities that promote personal growth and development.

▶ FIT APPLICATIONS

Applications open Oct. 1. Students who have submitted their FIT application by Feb. 1 will be given priority consideration.

EXPANDING MINDS.
INSPIRING PURPOSE.

SCHOLARSHIPS

Oklahoma State University
awards more than

**\$320
MILLION**
each year in scholarships
and financial aid.

The Ferguson College
of Agriculture and its
departments annually
award more than

**\$1.8
MILLION**
each year.

APPLY TODAY

When awarding scholarships, the Ferguson College of Agriculture looks at several areas of a student's background including (but not limited to) scholastic standing in high school or college, leadership qualities, financial need and sincere interest in the various agriculture and natural resource disciplines.

Students from all majors are considered for university scholarships which can be combined with college and departmental scholarship opportunities.

HOW TO APPLY

Applying for scholarships is easy. Your admission application is also used as your scholarship application, so be sure to fill out the leadership and activity résumé! While essays are not required, that information can be used for scholarship selections.

WHEN TO APPLY

For fall semester entry, completed admission/scholarship applications must be submitted by February 1 to be considered for OSU, college and departmental scholarships. For priority scholarship consideration, submit your application materials by December 1.

WHERE TO APPLY

OSU uses one application for both admission and scholarships at admissions.okstate.edu.
