We know a big part of beginning at a new university is understanding how your classes and credits will transfer. We offer an interactive transfer guide online at [go.okstate.edu/admissions/transfer/transfer-guides.html](https://go.okstate.edu/admissions/transfer/transfer-guides.html) which will allow you to find out how your credits will transfer to a specific degree plan.

## Scholarships:

Spears Business awards **\$1.2+** million in scholarships to new freshmen, transfer students, and current students every year. There is no separate application to be considered for Spears Business Scholarships.

Over  
**\$1.2 million**  
awarded annually  
in scholarships

## Online Degree Completion:

Spears Business offers the General Business, Management, and Marketing degree options online. All instructors who teach our online learning courses are the same quality faculty who teach our on campus courses. From lectures, to discussions, to submitting assignments- all course interaction can be completed entirely online allowing you the flexibility you need to complete your degree.

## SPEARS STUDENT EXPERIENCE:

**Samson** | *Senior - Sports Management*

Transferring to Oklahoma State University has been one the best decisions of my life and OSU has become a second home to me. My academic advisor in Spears Business has been a huge part of my successful transition. She has put me at ease by explaining the transfer process and how my courses have applied to my degree, and has been a huge support and champion of my accomplishments here. With her guidance and the friendships I have made with my Spears Business peers, I say to anyone considering transferring to Spears Business to come check campus out for yourselves. I guarantee you will be glad you did.
