AWESOME Orange OOZE Recipe

WHAT YOU'LL NEED

- Clear glue or white glue
(Elmer's washable glue works best)
- Liquid Starch
- Water
- Measuring Cup
- 2 Bowls
- Spoon
- Orange Food Coloring
(Red + Yellow also works)
- Glitter/Confetti *(optional)*

In one bowl, mix 1/2 cup water with 1/2 cup of glue. Mix completely. Add orange food coloring (or 6 drops of yellow with 6 drops of red) and glitter/confetti to glue mixture. Slowly mix the glue/water mixture into the starch with a spoon. Be sure to get all glue out of bowl. Switch to mixing with hands for a few minutes until you feel it come together. Transfer ooze to a clean, dry container or a plate.

Note: Playing with slime helps it reach correct consistency. Adult supervision of children is always recommended. The OSU Alumni Association does not accept any liability for events that occur as a result of the activities described herein.
