IN-STATE COLLEGE COST WORKSHEET

FOR UNDERGRADUATE STUDENTS

This worksheet can provide an estimate of your net price for attending Oklahoma State University. This is done by taking the estimated cost of attendance, including tuition and required fees, course materials, supplies and equipment, housing and food, and other related expenses, and subtracting your estimated grant and scholarship aid. The estimate provided does not represent a final net price. Cost of attendance and financial aid availability are subject to change each year.

Cost-Savings Tips:

- **Choose a less-expensive housing option.** The price differences between community-style residence halls and suites can add up quickly.
- **Make the most of your meal plan.** Save eating off campus for special occasions, and keep track of your rollover amounts each semester.
- **Save money on textbooks.** Purchase used books whenever possible, and know the store's return and buy-back policies. Check to see if books for your courses are available through any of the library's textbook resources.
- **Utilize alternative transportation options.** Take advantage of OSU's bus system on campus and around Stillwater. You can also try bringing a bicycle to campus.
- **Keep track of charges you make.** Treat your student ID card like a bank card. Review your OSU Student Account online at least once a week.
- **Limit how much you spend on optional items.** Create a budget and set spending limits for yourself.
