A

A student who is not enrolled in a degree program may be eligible for Federal Direct Loans **for a period of only one year, i.e., twelve consecutive months**, if the student is taking coursework in an eligible program offered at OSU which is a prerequisite for admission to a different program. Federal regulations require that the Office of Scholarships and Financial Aid confirm a student's enrollment in pre-requisite courses required for admission prior to determining loan eligibility.

**Academic Certification** (to be completed by the student's academic advisor):

The student listed above is enrolled in \_\_\_\_\_ hours for the \_\_\_\_\_ semester of the 2026-2027 academic year. The student is required to satisfactorily complete the course(s) listed below to be considered for admission into the \_\_\_\_\_ program.

Will the credit hours taken count toward the degree program for which the student is seeking admission?

☐ Yes

☐ No

If the answer is "yes", the student is not eligible for federal financial aid. If a student is only taking the course(s) "to raise his [or her] GPA in order to be admitted, [the student] would not qualify for loans" as a pre-requisite student (Federal Student Handbook 2024-2025 Vol.1, Student Eligibility).

I anticipate that the student will be admitted to the degree program \_\_\_\_\_ Semester/Year
